# THE LEGEND

*Class of 1968 - Lancaster Township Junior High School*

# Foreword . . .

We the class of 1968 have acquired much in our three years of learning at Lancaster Township Junior High School. Through our experiences and studies, we have gained an insight into the mystery of life. Someday we may look back upon these years as our first steps to adulthood. Our teachers have been both excellent instructors and fine friends. They have shared in our activities and led us to a better understanding of the world around us. The office staff also has been helpful and pleasant. To all we are grateful.

We sincerely hope that the underclassmen carry on in that "great Township tradition" and become leaders both scholastically and socially. To aid them, we pass along our own desires and accomplishments on which we hope they will build.

We would like to take this opportunity to reminisce about our three years here. Let us think back to our first year at LT. Oh, that first day in the auditorium for orientation! Recall those hands cramped from filling out copies of schedules, emergency cards, dentists' cards, T. B. cards, etc. Remember noon-time dancing. How about our almost-undefeated basketball team? Ugh! Those ancient history and world geography tests! Will you ever forget the Iowa Tests?

Our second year flew by. "That was the year that was." We suffered through earth science tests and **National Geographic** quizzes, experimented with "Letters to the Editor" in **The Quill,** heard "The Two B's" in the Variety Show Assembly, and enjoyed "Storytime" in math class with Mrs. Drout.

Finally we reached the ninth grade. Can you recall the last day of the Student Council's candy stand? The lengthy reports of the newly-created Cafeteria Committee? Those standardized biology tests? We will never forget boycotting the cafeteria or packing the auditorium for the class play. Do you remember our grrreat hockey team and the pinata party planned for 90 minutes that lasted only one homeroom period? And how about the rush to order class jewelry?

We realize, however, that one cannot always look backward. We must press onward, continuing along the path of scholastic endeavor. In the following pages of this **Legend** are remembrances of those activities that have enriched our lives during our years at Lancaster Township Junior High.

# We Dedicate Our Yearbook To . . .

## . . . Mr. Howard Wireback

We, the class of 1968, dedicate this yearbook to Mr. Howard Wireback. His outstanding service to the school as instructor of American History, advisor to the school patrol, and assistant wrestling coach, illustrates his constant interest in the welfare of his students. He has taught us by example the value of high ideals and staunch character. He has been our teacher, our advisor, our friend. Many of us have been encouraged by his interest. More have been enlightened in his classes. But all have been inspired by his fine example.

No school can turn out great graduates unless those who enter it are potentially great. During the past ten years your parents and teachers have offered you a chance to learn. They could not force learning but merely encourage participation.

Now you are facing another challenge. It is the challenge of near adulthood. This is a position in life when you are held firmly responsible for your actions even though most of them are first experiences. Your approach to the problem will reflect on the greatness of our schools and your families. Our belief and trust is placed upon your shoulders. Best wishes.

Richard G. Creasy

RICHARD G. CREASY; Supervising Principal

To you who graduate in the class of 1968, sincere congratulations. This is one of the events of your educational careers that will live forever in your memories. The efforts you personally have exemplified, and with the help of parents and teachers, you have reached this educational goal.

You and your classmates have spent three wonderful years at Lancaster Township. Look at them with pride. Your record speaks for itself. We, the faculty, are proud of your accomplishments and will follow your future endeavors with anticipation. All of us wish you, the class of 1968, success and happiness.

# The Schoolboard . . .

# . . . and their message

To the Class of 1968

You are about to go out one important door in your journey through school, and to enter another important one. If you stop a moment to think of it, many of you have completed well over half of your education — and for some, the course is even more nearly complete. We, all of us, — parents, teachers, and administrators — are proud of you for your present achievements and for the enthusiasm for learning that you have displayed. CONGRATULATIONS! We hope you will never lose that enthusiasm. For each of you, a world of exciting adventure lies ahead. As you explore this world and grow into your place in it, we like to think that you will look back once in a while, to remember your friends at Lancaster Township Junior High. We will be happy with you in your accomplishments, and understanding of your mistakes. As you continue to grow and learn, we wish you the utmost in happiness and success.

## National Junior Honor Society

The Lancaster Township Junior High School has been a charter member of the National Junior Honor Society since 1946. The highest honor our school can bestow on a student is to become a member of this organization. Chosen for the Honor Society each year are approximately fifteen percent of the ninth grade and five percent of the eighth grade.

One must possess outstanding qualities of scholarship, leadership, service, character, and citizenship to be chosen. In order to be eligible, it is necessary to have at least a B average in every subject. Final selection is based on election by the entire faculty.
